

Dear –

Thank you for your faithful and caring ministry – also now during these unprecedented times.

Lutheran CORE is in the process of compiling a list of confessional congregations that are livestreaming and/or posting their worship services. A link to the initial list of congregations is being posted today. We would be happy to add you and your congregation to that list.

The list will appear on our website under [Communications/Other Communications](#) or <http://lutherancore.website/communications/other-communications/>

Our plan is to also put it on our open Facebook page, in our closed Facebook group, and on Twitter.

If you would like to be added to the list, please let me know. The information about each congregation includes –

Name and location of congregation
Name of pastor(s)
Church body affiliation
Link to the livestream, the posting, and/or the congregation's website
Date(s) and time(s) of service(s)
Time Zone
Any other information that you feel would be helpful

Among the people whom we especially want to serve through this ministry are –
Lay people whose congregations are not livestreaming their services
Lay people who are members of congregations that are not confessional and orthodox

Thank you for your partnership in the Gospel.

Dennis

Dennis D. Nelson
Executive Director of Lutheran CORE
