

Voice for Biblical Truth

As a Voice for Biblical Truth we alert people to ways in which the authority of the Bible, the historic, orthodox Christian faith, and traditional, Biblical moral values are being compromised and even rejected.

Lutheran CORE:

- offers guidance in evaluating ELCA communications and decisions.
- challenges the ELCA to keep its 2009 promise to honor the traditional view of marriage and human sexuality.
- confronts the ELCA over its complete lack of support for traditional views.
- publishes articles in our CORE Voice Newsletters on topics such as **critical race theory**.

The Common Confession

The Common Confession is a seven-part statement of faith that has been adopted by Lutheran CORE.

For more information on what we confess, go to www.lutherancore.org/about.

Social Media

Search for Lutheran CORE on Facebook, MeWe and YouTube to find our pages, groups and videos.

Our mission is to be a Voice for Biblical Truth and a Network for Confessing Lutherans.

Network for Confessing Lutherans

As a Network for Confessing Lutherans we assure confessing persons that they are not alone.

- We provide Facebook and MeWe groups to connect orthodox pastors, seminarians, youth, and lay people.
- Our members post worship services and Bible Studies in our Lutheran CORE Worship Group (Facebook).

We are working with a pan-Lutheran group of younger persons to:

- develop a support network for orthodox students at ELCA seminaries,
- develop a network for college students considering seminary,
- support leaders who have started or want to start young adult ministries and
- communicate the Christian faith to younger people in a clear and compelling way.

Lutheran CORE provides via its website:

- daily devotions
- worship resources including prayers, hymn suggestions and sermons (ideal for churches without a regular pastor).
- a list of Confessional Resources recommended by confessional pastors ... as well as video reviews of some of those resources.
- a Congregations in Transition (CiT) page and ministry designed to help congregations whose pastor has retired or plans to retire or take another call.
- our Clergy Connect website page, through which we help Biblically faithful, confessional congregations find a Biblically faithful, confessional pastor and vice versa.

We hold our annual Encuentro festival in the Chicago area for those involved in bilingual and Spanish language ministry or exploring such ministry. This is a day of:

- Support, connection, fellowship, inspiration and resources for pastors and congregations involved in such ministries and outreach.

Lutheran CORE sponsored a week of NEXUS at Grand View University in 2021. We are:

- Providing a way for high school youth to attend a week of Bible study, theological reflection, fellowship, involvement in ministry, and being challenged to consider attending seminary and become involved in a life of Christian service.
